Subject: Dimock Well Maps

Cindy:

Thanks for taking the time to look this over with me. So that you can take a closer look, here is the address of where you can find the maps:

Original Maps with well owner names included:

L:\Share\CERCLA Records Center\DIMOCK MAPS FOR REDACTION

As you'll see in the folder there is a subfolder called "Flattened Maps" which is where you can find the same maps with the well owner names removed:

L:\Share\CERCLA Records Center\DIMOCK MAPS FOR REDACTION\Flattened Maps

The "flattening" process removes the layer that the well owner names were on - so they are not there anymore - the well owner name cannot be restored (by us or anyone else) on the flattened maps.

Please let me know if you have any questions or need to discuss.

Thanks,

Paul
